

Goals of the Export License Process

- ♦ **Provide quality analysis/recommendations on U.S. export license requests that:**
 - **Preserve the safety, security and superiority of U.S. Naval Forces**
 - **Assure U.S. national security is not compromised**
 - **Support U.S. foreign policy**
 - **Maintain a strong U.S. industrial base**

Export License Review Considerations

- ♦ **National (NDPC) and Navy (TTSARB) Policy**
- ♦ **Sensitivity of technology**
- ♦ **Operational capabilities**
- ♦ **Impact on operational forces**
- ♦ **Political-Military relationships**
- ♦ **Intelligence assessments**
- ♦ **Foreign comparability and availability**
- ♦ **Past disclosure/historical precedent**

Other Roles of the Export License Division

- ♦ **Provide export licensing perspective in review of National Disclosure Policy issues and TTSARB decisions**
- ♦ **Assist DTRA in formulating DOD export/technology transfer policy**
- ♦ **Support country desk officers by identifying commercial sources for FMS programs**
- ♦ **Assist industry in determining product exportability**
- ♦ **Conduit between program offices and industry in resolving export licensing issues**
